

Coaxial Cable Stripping Machine

WG-4806S / WG-4806R

Features

- The newly designed high-speed rotating peeling head ensures high precision in processing;
- Adopts intelligent digital photoelectric technology, imported ball bearings, and screw drive;
- Three start methods: button/foot pedal/sensor, meeting various processing conditions;
- Patented coaxial center positioning device allows for tool changes without recalibration, ensuring simple operation.

Product Parameters

Equipment Model	WG-4806S/WG-4806R
Stripping Range:	0.81mm-7.5mm
Stripping Length:	0.5mm-48mm
Cutting Depth Unit:	0.01mm
Maximum Stripping Layers:	9层
Blades:	2片
Power Supply:	AC 220V 50/60Hz
Productivity:	400-600pcs/h
Weight:	20kg
Size:	540*190*330mm
