Coaxial Cable Stripping Machine
WG-8515

Features

- Applicable for striping wire harnesses and cables with thinner and slightly non-round outer sheaths;
- Adopting advanced four-blade rotary cutting technology to improve processing accuracy and capacity;
- 200 sets of processing data storage, allowing for quick retrieval by entering the storage code.
- Patented coaxial center positioning device allows for tool changes without recalibration, ensuring simple operation.

Product Parameters

Model	WG-8515
Stripping Range	1.5mm -15mm
Stripping Length	1.0mm - 85mm
Cutting Depth Unit	0.01mm
Max Stripping Layers	9 layer
Blades	4 pcs
Power Supply	AC 220V 50/60Hz
Productivity	400-600 pcs/h
Wight	34kg
Dimentions	640*260*330mm

Coaxial Cable Stripping Machine
WG-8023D

Features

- Applicable for striping wire harnesses and cables with thinner and slightly non-round outer sheaths;
- Adopting advanced four-blade rotary cutting technology to improve processing accuracy and capacity;
- 200 sets of processing data storage, allowing for quick retrieval by entering the storage code.
- Patented coaxial center positioning device allows for tool changes without recalibration, ensuring simple operation.

Product Parameters

设备型号	WG-8023D
剥线范围	2.0mm-23mm
剥皮长度	1.0mm-80mm
切割深度单位	0.01mm
最大剥皮层数	9层
刀片	4片
电源	AC 220V 50/60Hz
生产率	400-600pcs/h
重量	36kg
尺寸	640*230*360mm
