

Coaxial Cable Stripping Machine

WG-8570X

Features

- Designed primarily for processing AC/DC charging gun cables and special single-core wires.
- Utilizes four-blade rotary cutting technology to ensure no deviation during the cutting process.
- Precision stripping: Clean, flat cuts without scratches or wire damage.
- No blade replacement required for processing wires and cables of various sizes.
- Reserved MES hardware interface; Waste collection device.

Product Parameters

Model	WG-8570X
Stripping Range	15mm-48mm; 5-15mm(Custom blades&Fixture)
Stripping Length	5-700mm
Cutting Depth Unit	0.02mm
Max Stripping Layers	9
Blades	4
Power Supply	AC220V 50/60Hz
Productivity	200-400pcs/h
Wight	330kg
Dimintions	1650*650*1300mm
