

## Silent Stripping & Crimping Machine

### WG-BD-2000

#### Features

- Equipped with advanced variable-frequency technology and precise control of variable-speed motors, this machine integrates high-precision control modules and transmission mechanisms to achieve one-step stripping and crimping.
- Low noise, low energy consumption, high-speed operation;
- Delivers exceptional results for ultra-fine wires and multi-core shielded cables.

#### Product Parameters

Model	WG-BD-2000
Stripping Range:	0.1 - 2.5mm <sup>2</sup>
Stripping Length:	1 - 7mm
Stripping Accuracy:	0.05 - 0.1mm
Crimping Force :	2T
Air Pressure:	0.3 - 0.4 Mpa
Power Supply:	AC 220V 50/60Hz
Stroke:	400-600pcs/h
Weight:	80kg
Dimensions:	540*350*730mm
